Residential Onsite

You may not know that *UNI Computers* can come to you! To schedule a Residential Onsite Call head over to our website, www.unicomputers.com. Under "**Contact Us**" click on "**Onsite Request**". One of our friendly onsite technicians will then contact you shortly. Or just give us a call.

UNI Computers can now repair the broken front glass on your **iPhone** and even replace the battery.

All repairs are done right here at our Lawrence location for a very competitive cost and a fraction of the time that it would take to mail off and repair with the manufacturer.

Call, stop by or check our website for more details!

THE ML200 PROJECT

UNI Computers is very excited to bring you the *ML200 Project*.

What is the ML200 Project?

The ML200 Project is our new method of charging for labor. Starting September 1st, no matter what, you will not be charged more than \$200 in labor costs.

What are the restrictions?

None! **As far as labor is concerned, no in-house service will exceed \$200.** This includes Laptop AC Port Repair, Data Migration, Data Recovery and all other services.

Where some others start their pricing, *UNI Computers* is saying, "**Anything above \$200 in labor is on us!**"

Stop by today and take advantage of this amazing offer!

LAPTOP NOT CHARGING?

UNI Computers has got you covered. We can diagnose just about any laptop problem and get you a solution.

Recycle Bucks

The numbers don't lie. In 2009 *UNI Computers* turned over approximately **15.515 TONS** of unwanted electronics to a Topeka based Recycling Company. So instead of dumping those components in the landfill, bring them to UNI Computers.

Computers/Printers - \$5.00	Televisions - \$20.00
Computer Monitors - \$10.00	

Now get paid to Recycle with **Recycle Bucks**. However much you decide to recycle with us, instantly get an equal amount of **Recycle Bucks** to spend any way you see fit. Spend your Recycle Bucks on Hardware, Software or Services.

All other conventional electronics can be recycled free of charge!

Present this coupon and receive a Comprehensive System Diagnostic **FREE!**
 expires 9/30/10 (\$45 Value)
